Americanwear

Tightly woven of
tough DuPont Type 66 nylon

This fabric has been engineered to meet the
special rugged requirements of outdoor gear
and equipment. Laboratory tests show that its
tear strength is 40% greater than that of
Glen Raven Mills' other fabrics. In fact,
American's highest tear strength fabric,
Canyon Cloth is not limited to the rugged
you can count on. Enjoy it!

50 Years of Service

What Birdie® Can Do For You

Dedication to service and product improvement has been the BIRDIE® hallmark for more than half a century. Each jacket we manufacture is the result of quality materials and superior craftsmanship. Wear tested, attractively styled BIRDIE® jackets set the pace for value.

We make jackets for every purpose: team and corporate identity, awards, incentives, fund-raising, dealer promotion, employee and club programs. Over 60 styles, some in as many as 38 different color combinations, are among the more than 300,000 units of merchandise in our warehouses.

All our outer shells are made with fabrics that have been treated for water-repellency. Slash pockets are reverse-welted for added rain protection. Our jackets are designed for comfort; most styles have a full athletic cut and set-in sleeves. Our cold-weather jackets have linings sewn to the very edge of the garments to eliminate cold spots where there should be none.

We control all phases of the manufacturing process, from the time the fabric enters the plant until the jacket is shipped, assuring you the highest possible quality, fast delivery, and competitive prices.

A "Made in U.S.A." label is on every BIRDIE® jacket. Every BIRDIE® jacket is produced by American workers from American-made materials.

With knowledgeable representation nationwide, BIRDIE® continues to grow, with new styles, expanded services, and new warehouses. Let our trained professionals help and advise you in setting up programs that will reflect favorably on you and your company.
